READ AND APPROVED BY:

EDWIN NARAIN
BOARD CHAIR

Approval of Re-Release of Request for Proposals for Level (2) Uniting Grant

Initiator: Maria Negrón, Director of Programs

Action: Approval of Release of Request for Proposals for Level (2) Uniting Grant

Date: Regular Board Meeting, Thursday, January 28, 2021

Recommended Actions

1. Recommend re-release in February 2021 of a Request for Proposals for a Level (2) Uniting Grant with a total allocation up to \$300,000 to address community needs of Hillsborough County children located in Palm River, Clair-Mel and surrounding neighborhoods through best practices in the areas of Children are Healthy and Safe, Children are Developmentally on Track, Children are Ready to Learn and Succeed, and/or Family Support.

Background

- The preliminary FY 2020-2021 budget includes new program funding for the following:
 1. A total of \$300,000 through a competitive Request for Proposals for a Uniting Grant to address community needs in Palm River, Clair-Mel and surrounding neighborhoods.
 2. The release was originally posted in August. The Children's Board received (3) submissions and a Community Review Team scored (1) proposal. However, there was no recommendation of funding.

Approval to Obligate Emergency Funding

Initiator: Maria Negrón, Director of Programs

Action: Approval to Obligate Emergency Funding

Date: Regular Board Meeting, Thursday, January 28, 2021

Recommended Actions

Recommend approval to obligate up to \$137,500 of Emergency Funding for a Path to Prevention program with Dawning Family Services from March 1, 2021 to September 30, 2021 to expand housing support services to Hillsborough County residents at risk of homelessness in response to COVID-19.

Background

- Dawning Family Services (formerly known as Alpha House) has been funded since 2007 and have become a critical source of support in our community to address the needs of homeless women and their children.
- They are currently funded to support families in emergency shelter to seek permanent housing. The agency employs staff who are content experts in navigating the local housing system.
- In an effort to respond to a growing threat, Dawning Family Services is proposing to expand and offer preventative case management services in our county to support families at risk of becoming homeless.
- The new program would employ Homeless Prevention Specialists that would also be trained to access Administrative Service Organization (ASO) funding.
- In addition, they intend to work with system partners such as the School District HELP Team that supports children in transition and the Tampa-Hillsborough Homeless Initiative.
- This request is for their startup year, upon Board approval, the annualized amount for FY 2022 would be \$275,000.

FY19/20 Highlights

- ▶ Created and committed to a timeline for the FY 2020-2021 contract development process with the goal of having contracts prepared by October 1.
- ▶ Achievement: (54) of (60) contracts or (91%) were finalized, signed by Kelley and sent to the Providers by October.
- ▶ The pandemic changed us all. The CBHC as well as the provider community adapted to elevate contract monitoring and sustained continuous service delivery with families throughout the County in ways that have improved our practices. While access to technology is still a barrier, it has also opened doors as a way to serve more vulnerable populations. It has also created efficiencies in our work (i.e. reducing travel time); increased partnerships and collaboration; and has raised our awareness and need for resource sharing.

IT ONLY TAKES A SECOND: The Importance of Water Safety for Kids with Autism Spectrum Disorder

By Laura Rhyne

"I only turned my back for a second." It's one of the most common things first responders hear from parents when they respond to drownings and near drownings.

"We often underestimate how long it takes to perform some of the most mundane tasks," says Hillsborough Fire Rescue Quality Management Chief Jeremy Fischler. "We also underestimate how long it can take a child to drown. These two facts combined can lead to tragic results very quickly. Drowning is often a very quiet event and not the loud, dramatic event often portrayed on television."

As of Nov. 10 this year, Fischler says Hillsborough County Fire Rescue responded to 58 pediatric drowning calls in 2020, five of which were fatal.

The number of children drowning in our community is devastating and concerning. Fischler says more should be done to educate families and caregivers about the importance of taking the extra steps to keep our children safe.

There is also great concern for children with autism spectrum disorder (ASD), who tend to be drawn to water.

"Experts are not sure why this fascination exists, but when you add that children with autism may also have difficulty recognizing and avoiding danger, the risk for drowning is very high," says Christine Rover, assistant program director of the Center for Autism & Related Disabilities (CARD).

She tells us drowning is the leading cause of death for children with an autism spectrum disorder, and the first layer of protection is to introduce a child to swim lessons. This is something families can take advantage of year-round.

Rover explains that CARD-USF assembles an annual list of swim lesson providers for the 14 counties they cover, and they encourage families to call or email the organization to learn about programs in their community. In Hillsborough County, the Children's Board funds swim lessons for children with special needs who might benefit from individual lessons.

"A crowded pool with lots of activity and noise may be overwhelming, so taking a small group lesson at a quieter time may be a good fit," Rover explains. "Instructors should provide specific information about what the child should do, provide simple steps, use concrete wording and follow a routine. CARD is available to provide free training to instructors so they can support learners with ASD."

In addition to swim lessons and diligently keeping an eye on our children in and near water, Fischler says we can all take steps to keep our children safe like installing perimeter warning devices on exterior doors, installing pool fences and utilizing water surface alarms. These devices will alert you if a child has gone somewhere they shouldn't.

It is recommended that all adults take a CPR course. The American Heart Association, American Red Cross and American Safety and Health Institute all offer virtual classes. The Children's Board of Hillsborough County funds CPR classes at no cost at their Family Resource Centers.

To learn more visit familysupporthc.org.

As we approach the holiday season, ensure that any loved ones you are visiting have taken precautions in their homes too.

"These precautions are no replacement for a high level of diligence when small children are present near water," Fischler says. "When children are near the water or playing in the water, there should ALWAYS be an adult whose job it is to keep their eyes on the children. This is sometimes difficult to remember during social events with a lot of people, so it should be something discussed by all adults present so there is no question whether someone is watching the children."

When it comes to water safety, any additional precautions must be in addition to, not instead of, the ultimate protection: an adult's full and complete attention.

- **Ad-Valorem Taxes**
 - This line is slightly under budget because of the timing of receiving tax receipts.
- **Investment Income**
 - The interest received year to date is under the YTD budget because of a decrease in the interest rate. The current interest rate is 0.18% and interest was budgeted at 0.5%.
- **Administrative Services Organization**
 - Eckerd Connects ASO actual expenditures were lower than budgeted during the first quarter resulting in lower revenue received.
- **Other Community Partner Funding**
 - Revenue is not received in this line until later in the year.
- **Miscellaneous Income**
 - This is under budget because of lower ASO administrative fees related to the Eckerd Connects contract.

- **Program Expenditures**
 - Continuation Grants are under budget because providers are not current on invoicing the Children’s Board.
 - Contracts awarded through New Program Funding have not invoiced yet in the first quarter.
- **Employee Salaries and Benefits**
 - This line is under budget because of vacant positions, lower CBHC share of health insurance cost, raises budgeted and not given, and a lower vacation payout.
- **Contracted Professional Services**
 - This line item is under budget because of the timing of legal services and community education & awareness spending.
- **Facility Expenditures**
 - This line item is under budget because the larger projects will not happen until later in the fiscal year.
- **CBHC FRC Occupancy Expenditures**
 - This line item is under budget because of under spending in the telephone and janitorial line. In addition, the Plant City FRC has not opened yet.
- **Other Operating**
 - This line item is under budget in travel, professional development, and insurance expenditures. It is also under budget because of the timing of expenditures for subscriptions, printing and promotional items, offset by dues and memberships being over budget because of the timing of payment for some memberships.
- **Capital Expenditures**
 - This line is budgeted for the build out of the Plant City FRC. This has not been completed at this time.
- **Mandatory Government Fees**
 - The line item is slightly under budget because of the timing tax collector’s fees and property appraiser’s fees being less than expected for the year.

Good Afternoon Friends and Amigos

The Collaborative for Academic, Social and Emotional Learning (CASEL) defines SEL as “How children and adults learn to understand and manage emotions, set goals, show empathy for others, establish positive relationships and make responsible decisions.” Good Afternoon Friends and Amigos Afterschool Program recognizes that Social and Emotional Learning is essential in determining how well equipped students will be in meeting the demands of the classroom especially during COVID-19. Using a research-based curriculum called Second Step, that promotes social-emotional development, safety and wellbeing for children and families in addition to academic support, daily mindfulness activities, weekly yoga sessions and family engagement events where we create a holistic and unique approach to learning.

Children made breathing bracelets with pipe cleaners and five pointed star beads. For each bead that was placed on the pipe cleaner children took deep belly breaths! Belly Breathing is one of the many skills for learning in our Second Step Curriculum and mindfulness activities.

With the support of the Children’s Board of Hillsborough County, GAFA was able to purchase tablets for children that enable us to assist children with virtual learning and bridge the gap for students who are E-Learners. At Robinson Elementary in Plant City with Ms. Elena, children interact and learn simultaneously, SEL lessons are shared on the screen and children can all participate together in our hybrid after school learning environment.

At Reddick Elementary School in Wimauma, Ms. Lisandra collaborated with the Dual Language Teachers Ms. Rivera, Ms. Guadalupe and Mr. Yang for a Hispanic Heritage celebration and performance that was LOTS OF FUN! MUY DIVERTIDO!

Remember, in times like these take time to BREATHE!

Gulf Coast Jewish Family and Community Services

Good Afternoon Friends and Amigos

At Good Afternoon Friends and Amigos, students learn positive skills for learning, living and loving such as empathy, compassion, and self-confidence through daily social emotional learning lessons Monday through Thursday at two Hillsborough County elementary schools. Currently, as part of our curriculum we are learning about empathy which is understanding what someone is feeling and compassion which is empathy in action!

We have been busy as bees sharing these lessons and putting them into action, collaborating with community partners like Winthrop Arts, Mobile Art Factory and our host schools Reddick Elementary in Wimauma and Robinson Elementary in Plant City. At Reddick Elementary GAFA is working on a school beautification project in collaboration with Winthrop Arts, Mobile Art Factory. With the assistance of a small grant from the Socius Foundation GAFA will be working on school beautification projects that have positive messages that encourage and inspire all students.

At Robinson Elementary we are building bird feeders for our feathered friends and using plants and flowers to create art during outdoor free play. Soon we will be planting more flowers and herbs to help the school with their Social and Emotional Learning Butterfly Garden.

These projects have also allowed children to spend more time outside of the classroom in nature which is important for both mental and physical health. Through sharing what they have learned GAFA students feel a sense of pride and self-confidence, that they are skillful and have something of beauty and worth to contribute to the school community.

On Fridays, Good Afternoon Friends and Amigos program specialists and tutors offer virtual Fun Family Engagement Fridays, where we play games like Loteria, connecting families from both programs to socialize and de-stress. Through it all, Good afternoon Friends and Amigos is in this together to make a difference in the learning and the lives of all of our students!

Positive Spin

Empowering a Community with Hope (E.A.C.H. One)

Letter of Gratitude

To whom it may concern,

I want to start by saying that I'm so glad to be a part of the Positive Spin family and to have Ms. Qiana as my caseworker. I always thank God for blessing me and my family with the opportunity to work with such a helpful program and blessing us with Ms. Qiana. As the scripture says, "I always thank my God for you because of his grace given you in Christ Jesus." 1 Corinthians

1:4.

When I entered the program, I was residing with my sister, her boyfriend and her children while couch surfing in the event my sister didn't want us around. Though we had a roof over our heads, I felt helpless and as though I could never get us back into a place of our own. I admit to being resistant to asking for help or even being active as much as I should in the beginning, until Ms. Qiana helped me realize that I truly can stabilize my family and get back to where we should and deserve to be. She always goes above and beyond no matter what. She makes us feel like we matter and genuinely cares about my family, as we have been through so much.

As a result of the program, my family and I are currently in an apartment, I will be working at a daycare after I deliver my child, I received assistance with paying for training to help me gain employment which helped me obtain the knowledge I need. I was also provided with countless community resources for clothing, hygiene, baby items, and most of all the strength and encouragement to continue moving forward. Thank you to Ms. Qiana, for helping me find my worth, feel better about myself as a mother and make me feel like my future looks brighter than it was before you came into my life. My kids love her, my oldest is always saying that she feels Ms. Qiana really cares about us and suggests that I should make sure I check with her before I make a major decision. I don't know what we will do when my case closes but as she tells me, "Once a Spinner always a Spinner." In closing, the support this program has provided to my family means so much and my Case Manager Ms. Qiana is a great asset to the Positive Spin program.

Sincerely,
P. Brown

Positive Spin

Empowering a Community with Hope (E.A.C.H. One)

Letter of Gratitude

When I first started at Positive Spin, I was living between friend's houses and hotels, so I was pretty much homeless. I was really discouraged until a friend told me about a program that she went through that helped her get on her feet and gave her the tools that she needed to stand on her own. At first, I was reluctant about trying the program because I didn't want to seem like a charity case, but after talking with my friend more, I learned that charity isn't all bad and everyone needs help sometimes. I put my pride to the side and reached out. It was the best decision that I could have made. I was put in contact with a caseworker who was really helpful, she always kept in contact with me, made me feel motivated and encouraged me when I

was feeling down. She provided me with helpful tips and resources and got me involved in all kinds of classes, like financial literacy classes, classes on how to get stuff expunged from my record, even classes on how to save money. I am now at the end of the program and thanks to Positive Spin, I am in my own place, I have steady employment, and a steady savings account. I really want to thank my case worker Mikeala Grant for staying on me, letting me know she was always in my corner and if I needed anything she was there to help. I really appreciate it!

Client DF applied for our services when a default was entered against her in an eviction action. DF believed that the default was entered incorrectly, and that the eviction was without merit. DF was particularly concerned about an eviction because she is a Section 8 participant. If the eviction stood, DF would almost surely lose her Section 8 assistance. DF relies on the assistance to care for her two minor children. The situation was even more critical because DF recently took legal custody of a niece, and she hoped that that plan to provide much needed stability for that child would not be undermined. Dan Reigle of Team ABLE agreed to assist DF under the Lawyers Helping Kids Program funded by the Children's Board of Hillsborough County. Dan immediately went to work on the legal arguments to get the default set aside. The situation was such that a hearing on a Motion to Set Aside the Default would at least be considered by the court, but the facts were such that a judge could have reasonably ruled either way. Dan also contacted the attorney for the landlord, with a proposed settlement. After several proposals and counter-proposals an agreement was reached. DF agreed to pay a modest amount toward costs and attorney's fees in the matter by the end of July. Fortunately the landlord also agreed to dismiss the matter immediately. Often landlord's will not agree to actually dismiss the case until all payments are made. DF's viability for Section 8 assistance was thus preserved.

Our client, Mr. J, shares the same father with his now two-year-old twin sisters. The twins were born in Georgia in 2018 to a mother who has long term substance abuse issues. The girls were placed with the father by a Georgia court in November of 2018, when they were 7 months old. The father proceeded to drop the children off to our client, his adult son, in Tampa. Our client sought Bay Area's services in order to gain legal custody of the children so that he and his partner could arrange for needed services for the twins who were born premature, substance exposed and had respiratory issues. Thanks to the Children's Board funding with the Lawyers Helping Kids grant, Laura Ankenbruck (Family Law Team), was able to file for temporary legal custody to extended family for the client. After many phone calls and the help of the Hillsborough County Judge, we were able to obtain birth certificates for the children, verify that the court in Georgia no longer had jurisdiction and obtain legal custody for our client. The photo of the caregivers (client and his girlfriend) was taken when they were honored at a Kinship event for the loving care they provide to the girls.

The Crisis Center of Tampa Bay

Gateway Services

A family who called in to 2-1-1 looking for financial assistance was linked with the Child Development Infoline Team due to their being a two-year-old child in the home. Upon contacting the mother, she informed the Care Coordinator that she was having some developmental concerns with her child. After completing the Ages and Stages Questionnaire, the child needed services through Bay Area Early Steps. Once the child was referred to Early Steps, the care coordinator was able to take an in depth look at what the immediate needs of the family were. The family needed many items, but the mother stated the most crucial were food, educational activities, and payment assistance with daycare. The team was able to provide many of the supports the family so desperately needed. The mother noted that she was extremely grateful for all the help provided. Upon closing the case, the family was connected to multiple different concrete supports including, Educational Activities from the Children's Board Family Resource Center Website, WIC Benefits, Arts and Craft supplies that were provided by the Crisis Center of Tampa Bay to help the child build more fine motor skills, and financial assistance with daycare so that she could go back to work full-time which was taken care of by the "United Way" COVID-19 relief funding. After closing the case, the Mother sent the Care Coordinator a text stating, "You have been the best. My child is going to hear all about you and how you cared for us during a tough time. I will never forget you. Thank you again and stay safe and healthy. Missing you already. Take care".

The impact that this program has on families can last much longer than the amount of time they receive our services. We are so grateful to have the opportunity to work with families in need and have the support of many local agencies throughout our community.

Lutheran Services Florida

Community Collaborations for Strong Families (CCSF)

The Community Collaborations for Strong Families (CCSF) program collaborated with G3 Life Applications and Lutheran Services Florida Early Head Start to deliver gifts to children and families in the community. Families were invited to the Dream Center of Tampa Bay (operated by Grace Family Church) to pick out gifts for children birth to fourteen years old. Upon arrival families were greeted by staff volunteers, taken through the gift sorting line, and given a photo op with Santa!

Tampa Metropolitan Area YMCA

Fit and Fun at the Y

Children enrolled in Fit and Fun at the Y are gaining new experiences and skills in the curriculum-based health and wellness program, thanks to the generosity of the Children’s Board of Hillsborough County. The Tampa Y has teamed up with several new partners to teach Fit and Fun kids a variety of new ways to stay healthy. To start, the Tampa Y’s Veggie Van generously donated more than 70 bags of fresh fruits and vegetables to all kids in the program. The kids took the produce bags home to their families to add to their favorite family recipes, tried a new dish and provide healthier snack options.

Another Tampa Y program, First Tee – Tampa Bay, spent a few afternoons teaching the game of golf to more than 70 Fit and Fun participants at YMCA Camp Cristina, Bob Sierra North Tampa YMCA and Northwest Hillsborough Family YMCA. Fit and Fun students at all three Y locations also had fun performing football drills and learning fun exercises from the Tampa Bay Inferno Women’s Tackle Football team.

Two weeks heading into Winter Break, Fit and Fun participants got to do a “Sprint to Christmas – Step Challenge.”

The top three step-earners at each Y location won a Children’s Board of Hillsborough County water bottle. This step challenge also kick-started the feet charm incentive. For every

65,000 steps completed, kids earned another foot charm to add to their chain necklace. They all also earned their Fit and Fun t-shirts for their continued and consistent participation in the program. “Our family has thoroughly enjoyed the Fit and Fun program. Bryson is naturally an outdoorsy person, so the Fit and Fun program was right up his alley,” shares parent Shae Lettieri. “We enjoy competing on who had the most steps during the day. Of course, he kills it every day running circles around us. The Fit and Fun team ROCKS, too! It’s awesome how the team is able to intertwine fitness, nutrition and fun in a single setting week after week. The stories and quizzes we hear at the end of each session are in line with our core values and are grateful that programs like this are available through YMCA Camp Cristina.”

Safe Baby Plus

“I always looked forward to receiving my Safe Baby developmental screening packets every couple of months. I was able to keep up with Peyton's progress and it made me so proud that she stayed and is continuing track!

I still have my month magnet on my fridge, and I refer to it often! I appreciate all the help and support from Safe Baby and everyone who is a part of this program!

Thank you all so very much!”

Success 4 Kids and Families & Enterprising Latinas

Prior to COVID-19, Success 4 Kids and Families(S4KF) along with Enterprising Latinas had been diligently working on a collaborative project that would provide a community-based Spanish speaking Nurturing Parenting group for mothers in the Wimauma and Ruskin areas. As everyone knows COVID-19 had a major impact regarding how agencies such as ours, could continue to provide quality services to families and participants; to be more specific, the challenge was how were we going to continue working with participants when we have been accustomed to seeing them face to face. Now we can no longer see participants(temporarily) face to face, much less be in the same room. With the GREAT Teamwork amongst both agencies, persistence, and dedication, it was agreed that the

show must go on. The solution was to offer the same exact curriculum S4KF would normally provide in a classroom setting except let us do it virtually and utilize one of the virtual platforms that many providers and families are more familiar with such as Microsoft Teams or Zoom. After many hours of planning and several months of discussions, our very first Virtual Nurturing Parenting Group would come to fruition on October 27,2020. Enterprising Latinas was able to register a total of thirteen mothers to participate in our virtual Nurturing Parenting group lessons which would be offered once per week. The final virtual lesson was held on 12/1/2020 and a total of eight mothers successfully completed the Nurturing Parenting Curriculum and were awarded their certificates of completion. The feedback from the community was that this group was great, and the participants even said that they wish the lessons could continue because they did not want the lessons to end. Because of feedback such as the above mentioned, S4KF looks forward to continued partnerships so that we can continue to promote all the amazing services available. Thank you to Enterprising Latinas for trusting Success 4 kids and Families to partner with you on this project, we look forward to many more! Thank you to the Children's Board for your support as well.

Supporting and Empowering Educational and Development Services (SEEDS)

Over the winter break, and with the feedback from SEEDS families (Family Leadership Council), the SEEDS program was able to successfully and safely host its annual holiday event. This wonderful, *drive-through style* event included free books for every child (courtesy of Bess the Book Bus), an opportunity to write letters to Santa, holiday arts and crafts for families to work on together over the holidays, toys for all children, free teddy bears (made possible by the Tampa Rough Riders, Inc.), tutoring/mentorship information for students (provided by B.U.B.B.A), hot chocolate treats to-go, and a delicious lunch from PDQ! Several families participated in the SEEDS holiday food drive, where families were able to donate and/or take free non-perishables. Families in attendance shared that they truly enjoyed this event.

Champions for Children

The First Years

Families have continued to enjoy the outdoor space at Baby Bungalow. Reservations are available Monday through Friday for hourly playground slots. Staff are available for support, discussion or distanced conversations. The space is organized for each family visit to provide appropriate outdoor experiences for the children visiting. Families have been appreciative of the ability to have a safe and appropriate space to play outdoors.

Families report the playground space as:

“This has been a blessing to have available as we try to remain healthy during the pandemic and because it is truly a space made for toddlers.”

“The chance to be outdoors with great activities has saved my sanity some days.”

Early Learning Coalition of Hillsborough County

School Readiness Funding

In partnership with Feeding Tampa Bay, the Early Learning Coalition of Hillsborough County (ELCHC) has hosted two mobile pantry distribution events, which began in December 2020.

ELCHC team members and community volunteers have distributed more than 13,700 pounds of food to over 400 families who live in and near the 33619-zip code.

The mobile food pantry will be held every 1st Tuesday of each month until May 2021, from 4:30 pm-6:00 pm at ELCHC's main office location - 6302 E MLK Jr. BLVD, Suite 100, Tampa FL 33619.

Readers in Motion

Registered students in Readers in Motion have continued receiving backpacks leading up to the Winter Holidays! Abiding to COVID-19 regulations, program staff have modified traditional backpack distribution to ensure children still receive these LOADED backpacks. We are incredibly grateful to have the support of our teachers who have helped the program continue running smoothly!

This past December, Readers in Motion had their first reading challenge of the year on myON! Students could choose to read from a list of ten books, all with elements relating to their curriculum. If four books were read, students would receive a *Pete the Cat* book set prize! Many families quickly completed the challenge with their students at home. Because this challenge involved technology, we made sure to accommodate parents who reached out for help regarding access and assistance with myON. This was an incredible way to keep students **READING** and **ENGAGED** over the holiday break! myON has been a great aid to our program with this reading challenge! Readers in Motion will continue partnering with myON to motivate students to read at home. We would not be able to provide these services to our families without the continued support of the Children's Board of Hillsborough County!

Readers in Motion students proudly show their RIM Backpacks in Mrs. Rothfarb's Kindergarten classroom at Seminole Elementary and Mrs. Livermore's Kindergarten classroom at Oak Grove Elementary!

Preserve Vision Florida

Children's Vision Health and Safety Services

These are siblings, Kevin and Leslie. He is age two and she is age six. Preserve Vision Florida (PVF) screened their vision at the South County Children's Board Family Resource Center. They were both identified as referrals for astigmatism, a condition that causes blurred vision at a distance. Leslie also was referred for myopia, which causes distant objects to appear blurry while close objects appear normal. Mom had concerns over Leslie's vision-stating that she had regular headaches and squinted. She was surprised that Kevin was identified as having a vision issue at such a young age but was grateful for the early identification. Preserve Vision Florida assisted with setting up the exams for Leslie and Kevin and ensured that they each had a furry Lenz Frenz eyeglass case to keep their glasses safe. Now they'll be able to see their bright futures!
